

Beast 1333 – Mark of the beast

Mark of the beast Lyrics

[Chorus]

Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 1]

Mark of the beast imprint on the gums of an infant
It only takes an instant to get you micro-chipped kid
We always get our shit kickin [??]
I watch in amazement as the people fall for more tricks
Or more sex, it's like we live our lives in a vortex
And more stress, the way we headed now, nigga lord bless
And we don't have the time to be guessin' if they is doin' it
I am the secret weapon they send out to try to ruin it
As long as I am livin' I will be the voice of common sense
Speakin 'bout the truth has now become a number one defense
I'm the leader of the resistance they came to decimate
Their plan's to word 'em out before things will begin to escalate
The thing that's gonna happen after they stick us in camps is
The micro-chips they put in us will trigger different cancers
They wanna lower the population by three thirds
To rule over the planet and roam it like free birds

[Chorus]

Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 2]

The associated press broke the story 'bout the veri-chip
Six six six wrath of god with a deadly grip
Ain't no need to riffle quick now it's time to take up bombs
To blow the motherfuckin' heads off snakes tryin to cause us harm
A writing arm becomes a weapon in itself, I'm shootin' words
Undetered, even though the media keep our vision blurred
You join your herd, smokin up their cigarettes and spittin' tar
Revelation 13:7 headed "sitting czar"

Steady headed, shitting raw, we gonn' have to fight for rights
They control the grids and prepare yourself when they kill the lights
The templar knights [??]
Bring the day the darker nights, sided by the northern light
I'm more than right, I know they wanna kill of half the populous
A one world government in a super-megalopolis
Where everyone's accounted for and not treated properly
Every human being will be looked upon as property

[Chorus]

Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 3]

I'm not a piece of meat that you can trade like a commodity
There's additives in food that turning fetuses to oddities
I'm way beyond symbology, I overstand the energies
Evil is projected in the mind of all my enemies
Don't let it be, they want you like a bee workin' up in a hive
Man is a worker by nature is a bunch of bullshit lies
Look in my eyes they crimson from the heat of the eternal flame
It's all in vain the television's programmin' our little brains
They never change, I came to be the voice of all the chosen few
The laws were here before you were born, that means they chose for you
They chose for me and now I have to live with all the consequences
FEMA camps with rubber coffins, circled by electric fences
In the age of waterbearing diety called pisces
The planet will get colder as we all freeze up like ices
The symbols on your Nikes pointin everyone to saturn
Mark of the beast imprint all are barcode patterns

[Chorus]

Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast
